

ArtiDiag 600. Justo lo que tu taller necesita

The ArtiDiag 500 S and the ArtiDiag 600 S are mid-level diagnostic scanners that are both practical and versatile. With wide coverage of over 90 vehicle models, these tools can run the most essential tests, produce diagnostic reports, read and clear fault codes. The 600 S offer a complete analysis of a car's four main systems (Engine, Transmission, Airbag, and ABS) for quick and efficient repairs. With an easy-to-use interface, they will be your go-to tool for any diagnostic project.
