

Midline Code Scanner for Light to Heavy Duty Trucks with Full DPF Coverage

If you're looking for a code scanner to diagnose light to heavy duty commercial vehicles and you don't want to break the bank, then look no further! Introducing the all-new HD Code III.

The **HD Code III** is the evolution of our award-winning and best-selling code reader, the HD Code II. The main change is in the hardware, which features an Android O/S for ultra-fast operation and a 5" touch screen and a wireless VCI for more ease-of-use. It is a perfect triage tool for reading & clearing codes and performing quick & easy DPF resets and regens - but even more, with the **HD Code III**, now you can also perform injector cutoffs, speed limiter adjustments and ABS and Transmission code scanning with live data.

FEATURES & BENEFITS:
